

# Kiddo Corner: Scavenger Hunt

## Nature Art

Inspire a love of nature and creativity with a Nature Art Scavenger Hunt! There's no age limit on fun, and this is an activity enjoyed by young and old alike.

### Here's what you'll need:

- ✓ This list & something to write with
- ✓ A paper bag
- ✓ A camera
- ✓ A supervising adult, if you're a kiddo – or just a really irresponsible adult... (hehe)

### Directions:

First, get and decorate a paper bag. Then, head to your favorite park, or even your back yard. Spend some time wandering around (maybe even go on a hike) and collect the items on this list, using your paper bag for storage. Once you have finished your scavenger hunt, take the items out of the bag and, in an appropriate space, create a work of art from your collection. Be sure to take a picture of your creation once all finishing touches are completed, and then leave the artwork for others to enjoy. (Though please throw away any manmade objects in the trash where they belong.) Have fun!

### Don't Forget:

Please be kind. It is VERY IMPORTANT to remember to leave no trace. This means, we want to protect and preserve our parks by staying on the paths, packing up our trash, *not picking flowers or plants, not removing any items from the park*, not feeding the wildlife, and so forth. Basically, be nice to Mother Nature; she's awesome.

### How Many Can You Find?
